Customized procedures:

First plan (clients have their own books):

The work should be done by clients:

• 1. The electronic book design file (the one used for printing)
  (We can award a contract to guarantee the right of your books.)
• 2. The voice of the books
• 3. Tell us how the voice match the books. For example:
• **Second plan (clients make the data and print by themselves with their own books):**
  • The work should be done by clients:
    • 1. Coding the books
    • 2. Cut and edit the voice file for smart parts.
    • 3. Combine a data for the talking pen.
    • (We will provide the software and training. It is very simple and usually spend 1-2 days.)
    • 4. Printing. (We will send the printing instructions.)

• **Third plan (use our books):**
  • 1. The function, the cover/ back cover, the logo all can be customized.
  • 2. Change the language:
    • We can provide a script of our book contents. The clients only need to record the voice to match the content of the script one by one. After this work the pen can voice the language as clients customized.

All customized sets will be encrypted to protect the clients’ resources. Others can not copy.
